We are honored to welcome:

Senator Chuck Morse

He will be discussing the "Southern Route" pipeline proposal to provide Salem with an "Additional Water Source". The CLPA is in support of the proposed "Southern Route" and will be promoting that Salem buy in for the maximum amount of water available. We believe this is the best chance that we can protect the water levels of Canobie

Lake for years to come. This is a onetime opportunity and needs the full support of all our members and citizens of Salem.

We welcome members of the greater Salem community to our meeting for this informational presentation.
